Navigation Run

17th November

Meet at Dave's workshop at 4/15 Bosci Rd, Ingleburn at 12 noon for a sausage sizzle before we set off at about 1.30pm. Dave is known for taking us on interesting quiet roads in the events he plans, and this event promises to continue that tradition.

There is a whisper that the run might include a stop at a member's garage with some interesting cars.

We return to Dave's workshop at about 5pm for a steak-and-salad barbeque dinner. The cost for both the lunch and the barbeque will be \$20 per person, payable on the day. Bring your own drinks. Phone Dave a.s.a.p. to let him know that you'll be there (9618 2788).

Make the most of the Spring weather to enjoy a good run. We'd love to see you in your Club car, but if you are unable to bring it, you are, of course, welcome in any vehicle.

End of Year Knees-up

11th December

Rather than the sausage sizzle that we usually have for the last meeting of the year, caterers will provide finger-food and wine for our Dec. meeting this year. There will be no charge for this: the Club is providing the food and drinks.

This should be an enjoyable end of year event and a good chance to get together for a chat. Come and end the Club's year with some good company.

Time, Gentlemen!

This will be the last Newsletter I'll be preparing. I enjoy doing them and have considered continuing, but as I'll no longer be on the Committee, it would be very difficult. After seven years as Secretary, I feel that it's time to let someone else have a go. It has been an interesting and rewarding time, great fun overall, and a privilege. - Ken Swinbourne

Evidence in Camera

The photograph of a motorist overtaking cars on a blind hill crest was produced at Settle (Yorkshire) police court recently as evidence in a dangerous driving charge.

The defendant, it was stated, overtook a patrol car at a right-hand bend and went on to pass two more cars on a blind hill crest. As he was doing so, one of the police officers obtained a photograph of the incident. The print, handed to the magistrate, showed two cars on the near side and the defendant's car on the wrong side, overtaking them. The motorist was fined £1 and he was ordered to pay 2s. 6d., the cost of the photograph.
